

EARTHLITE® PRONE COMFORT BOLSTER & HEADREST

The Earthlite Prone Comfort Bolster and Headrest offers a proven unique support cushion ideal for face down treatments and recovery, especially for larger clients who can't lie comfortably on their stomach for extended periods.

- **PROVEN FACE DOWN COMFORT BOLSTER:** Patented design provides ultimate support for face down positioning after procedures, therapy or lower back relief.
- **RECESSED ALCOVES FOR LARGE CLIENT COMFORT:** A supportive cushion structure is enhanced with generous, dacron padded recesses for chest and stomach. Removable stomach cushion allows for larger client comfort.
- **ENLARGED BREATHING CHANNELS:** Creates more space for extended facedown respiration. Will work with most CPAP machines. Adjustable face crescent cushion for improved comfort and fit.
- **FDA REGISTERED. COMMERCIAL GRADE FOR PROFESSIONAL USE:** Constructed from CFC-free urethane foam and fully upholstered with water and fluid resistant Natursoft™ 100% PU upholstery.
- **DIMENSIONS:** 41" long x 21.5" wide x 8" tall. Generous 7" diameter breast recesses. Tapered 15" x 17" stomach recess provides ample supported space with removable cushion for larger clients.
- **MADE BY EARTHLITE,** the world's leading massage and wellness equipment and supplies manufacturer, since 1987.
