

TIDL CRYOTHERAPY SPRAY

Our flagship product that absolutely changed the way people looked at pain relief. From world class athletes to chronic arthritis patients, the TIDL Cryotherapy Spray delivered a whole new relief both as a pre & post treatment supplement. A rapid relief ingredient package is cooling upon contact, letting the formula go to work immediately to relieve aches, pains, and soreness all over the body. By increasing blood flow to the site of application, TIDL Cryotherapy can be applied at anytime throughout the day, whenever you need an answer to the pains and aches or as simply a rejuvenation to take on activity. The product comes with a soothing signature scent and is available unscented as well so you can have it on anywhere, anytime.

All TIDL sprays come enhanced with a patent pending actuator, constructed to deliver an optimal dose at the perfect pressure to cover a healthy surface area for all around therapy.

BEST USE:

- Anytime throughout the day when relief is needed for aches, pains, strains, or soreness

- Great for pre and post exercise to prepare the muscles and joints by relieving aches rapidly. A daily use product that just makes you feel better, every single day

HEALTHCARE PROVIDERS:

- Excellent for pre-treatment to relieve aches, pains, and improve mobility.

- A staple in post-treatment for recovery from exercise and activity to go about the day
- Daily maintenance of pain through the use of the spray for full body relief and recovery
